

Art.

At White Court we aim to engage, inspire and challenge pupils and provide them with the knowledge and skills to invent and create using a variety of media. Children should gain an understanding of how Art and Design has shaped our history and had a lasting impact on our British values and culture. Children will be given the opportunity to explore this, through the evaluation of past and existing artists, craft makers and designers. By exploring and recording their own ideas and experiences, pupils will become proficient at drawing, painting and sculpting and will be able to evaluate and analyse creative works using artistic language.
